

NOTICE OF PROPOSED PLACEMENT OF PUBLIC ART

The City of Vista's Public Art Commission is seeking public input on wall three of the three walls in the Paseo Santa Fe downtown district. The art walls are located in the linear park adjacent to 325 S. Santa Fe Avenue, and are constructed of split face concrete block, and measure 30' by 8'.

Name of Artist: Vicki Leon – The materials I intend to use are stainless steel, poly-carbonate, eco-resin, thick safety glass (laminated) and solar lighting. 3-D mixed media mural which explores silhouette stainless steel shapes set off from four different materials with different optical effects. Using various reflective and light absorbent materials behind a simple opening, the viewer is invited to affirm or question their visual perception with tactile proof. The light, shadows and colors will shift and change as people change their position to the 3-D layers, causing curiosity and inviting tactile investigation.

Individuals are encouraged to view and comment on the proposed project, during the public viewing period which will occur from August 11, 2016 to September 12, 2016.

To comment on the proposed mural/installation, please send a letter to arrive by September 12, 2016 to:
